

Petalioi

38.016451585943, 24.280643463135

Petalioi is a cluster of about a dozen islets, islets and islands, directly across from Marmari. Crystal clear turquoise waters and Caribbean-style golden sand beaches where you will not only swim, but also go diving and even snorkelling.

Access to the interior of the three largest islands is prohibited, because they are private lands – you will see the villas of the owners rising on each of them. The beaches, however, are for everyone.

Overview

Purpose: Excursion	Type: Beach	Country: Greece
